BONFIGLIOLI CONSULTING

Bonfiglioli Consulting: Italian Pioneers of Lean Culture

Bonfiglioli Consulting, established in 1973, is an Italian consulting firm renowned for introducing and adapting the Japanese philosophy of lean management to the European context. Recognized as a pioneer in consulting in Europe, it stands as one of the few Italian firms with a global presence. Through a collaborative effort finalized in 2022, Bonfiglioli Consulting | Octagona Group emerged as a global consulting firm. With over 100 consultants across 12 offices worldwide, the team empowers partners and clients to continuously adapt and

improve, addressing industry-defining challenges. Leaders from various countries rely on Bonfiglioli Consulting | Octagona to tackle critical issues spanning strategy, organization, operations, sales, digital transformation and sustainability. The services offered cater to all levels of organizations, whether advising top management or coaching front-line employees working closely to implement recommendations, develop workforce skills, drive operational improvements and applying innovative methodologies for long-term success.

Recognizing evolving client needs, Bonfiglioli Consulting | Octagona constantly seeks new ways to serve them, cultivating capabilities in design, analytics and digital technologies.

As a trusted partner, Bonfiglioli Consulting | Octagona collaborates with ambitious clients aspiring to shape the future and become industry leaders.
